Project Status Report
City of Madeira Beach / Landscape Medians
Week Ending April 8, 2016

- I. Items Completed This Period**
 - a. The uplighting for the Medjool Date Palms is complete.
 - b. The underplantings in the medians is basically complete except for one plant that we are having trouble finding it in the correct size.

- II. Anticipated Activity Next Period**
 - a. Continuing looking for the correct size of the one remaining plant and install as soon as we find it.
 - b. Right now our plan is to hold off on the crushed shell bed at all the medians until FDOT approves the light bollards.

- III. Project Issues**
 - a. Still waiting to hear back from FDOT if they approve the relocation of the Medjool Date Palm from median #4 (where there was a conflict with an overhead power line) to median #10 where the tree is currently installed to keep it alive and minimize stress on the tree.
 - b. Still waiting to hear back from FDOT if they approve the addition of light bollards at all the medians with cross walks.
 - c. Once we hear back from the City on the light bollards we will schedule the installation of the crushed shell in the medians accordingly.

- IV. Needed From Client**
 - a. Nothing at this time.

- V. Project Schedule Milestones Completed and Anticipated**
 - a. The project is basically complete with the exception of the issues identified above.

- VI. Internal Resource Concerns / Project Problems**
 - a. Nothing at this time.

CITY APPOINTED BOARDS – RESULTS

The following is a compilation of the Board of Commissioners preference for the appointment to fill the Planning Commission vacancy. The Board members ranked each candidate from 1 (most preferred) to 11 (least preferred). The applicant with the lowest number of points will have the highest ranking:

	MAYOR	VICE-MAYOR	COMMISSIONER DISTRICT 1	COMMISSIONER DISTRICT 2	COMMISSIONER DISTRICT 4	OVERALL RANKING
Andrew Blaser	8	11	11	11	8	49
Marion Clyatt	7	9	8	5	2	31
Ingrid Ferro-Spilde	1	8	1	1	1	12
Sonny Flynn	2	10	3	9	5	29
Michael Grimes	7	7	7	6	4	31
Marilyn Hafling	6	2	6	7	11	32
Christopher Lant	5	1	5	4	9	24*
Bryant Smith	4	4	2	2	3	15
Vincent Volpe, III	3	5	9	8	6	31
Susan Wright	10	3	10	10	7	40
Michael Wyckoff	11	6	4	3	10	34

After calculating the preferences, Ingrid Ferro-Spilde received the highest ranking and will be appointed to the Planning Commission at the April 12, 2016 BOC Regular Meeting.

*There was a typo in the calculation of rankings for Christopher Lant. His final score was 24 when it was originally misprinted as 60. This will **NOT** change the final outcome of the vote, but this correction has been noted.

PLEASE attach required supporting materials (i.e. Survey, Narrative Response to the criteria upon which a rezoning to Planned Development is determined (see attached page), and any other materials the applicant wishes to present.

**ALL REZONING APPLICATIONS
FOR PLANNED DEVELOPMENT DISTRICT
SHALL SUBMIT A RESPONSE
TO THE CRITERIA LISTED BELOW**

1. **Consistency with the comprehensive plan.** All zoning district assignments shall be consistent with the comprehensive plan, including the future land use map and future land use element goals, objectives and policies. The zoning district assigned shall be consistent with the land use category of the future land use map.

The Pinellas Countywide FLUP and Madeira Beach Special Area Plan, require the PD category to be used for proposed large scale, mixed use developments in this district. Among the goals of this plan are to :

- Create a unique sense of place for the Town Center, and create a sense of arrival for those entering the area
- Promote a wide variety of uses to create an activity center for both local residents and tourists.
- Sets a standard for urban design so that new development and redevelopment in the Town Center contributes to the public realm.
- Increase the number of temporary lodging units (and maintain existing residential units in the Town Center that have the quality characteristics included in the Special Area Plan.
- Improve pedestrian and bicycling access to all major destinations within the Town Center, including the parks, the beach, retail properties and civic destinations.

2. **Land use compatibility.** The assigning of zoning districts shall promote the compatibility of adjacent land uses

The redevelopment of this property will set a standard and promote redevelopment of older properties in a manner that contributes to the quality of urban design in the Town Center. The adjacent parcels are also in the PD category per the FLUP.

As a mixed use project, this proposal includes marina components, waterfront retail/ restaurant, in addition to the residential and tourist accomodation uses, thus maintaining the local waterfront / tourist focused character while adding additional uses desired by the Madeira Beach Special Area Plan.

3. **Adequate public facilities.** The assigning of zoning districts shall be consistent with the public facilities available to set the types of uses allowed in the proposed zoning district. The level of service standards shall be considered in assigning zoning districts and there shall be reasonable assurance that the demand for services allowed in the proposed zoning district can be met.

Per the Madeira Beach Special Area Plan and the FLUP, a higher intensity of use is anticipated for this area and improvements and increases in the capacity of the public facilities is planned. The City planning and management staff indicated that there is adequate sewer and water capacity to handle this scope of a project.

DISCLAIMER: According to Florida Statutes, Chapter 119, it is the policy of this state that all state, county, and municipal records are open for personal inspection and copying by any person. Providing access to public records is a duty of each agency. All documents and information not specified in F.S. 119.071 and 119.0713 are subject to public record requests.

- 4. **Public interest.** Zoning district designations shall not be in conflict with the public interest and will promote the public health, safety and welfare.

This plan addresses the goals and requirements of the Madeira Beach Special Area Plan with special regard to promoting public welfare and safety, The design of this plan takes special care to create a pedestrian friendly streetscape and for providing an open and vibrant environment. The plan provides for good land planning design in the pedestrian access to the water's edge, adequate and clear and safe wayfinding, and a good separation between, pedestrians, guest and resident vehicular travel and parking, and service and loading access.

The facility will also meet all required building and zoning codes.

- 5. **Consistency with Land Development Regulations.** Zoning district designations shall be consistent with the purpose and intent of these Land Development Regulations

The proposed plan has been designed under the current LDRs, to the extent that the extant requirements apply. Because this is a PD application in a PD zone, this plan will be reviewed by the required local and state authorities for compliance with current LDR requirements and any requests or variances not in the current requirements will be adequately vetted and codified.

**ALL REZONING APPLICATIONS
FOR PLANNED DEVELOPMENT DISTRICT
SHALL SUBMIT A RESPONSE
TO THE CRITERIA LISTED BELOW**

- 1. Consistency with the comprehensive plan.** All zoning district assignments shall be consistent with the comprehensive plan, including the future land use map and future land use element goals, objectives and policies. The zoning district assigned shall be consistent with the land use category of the future land use map.

The Pinellas Countywide FLUP and Madeira Beach Special Area Plan, require the PD category to be used for proposed large scale, mixed use developments in this district. Among the goals of this plan are to :

- Create a unique sense of place for the Town Center, and create a sense of arrival for those entering the area
- Promote a wide variety of uses to create an activity center for both local residents and tourists.
- Sets a standard for urban design so that new development and redevelopment in the Town Center contributes to the public realm.
- Increase the number of temporary lodging units (and maintain existing residential units in the Town Center that have the quality characteristics included in the Special Area Plan.
- Improve pedestrian and bicycling access to all major destinations within the Town Center, including the parks, the beach, retail properties and civic destinations.

- 2. Land use compatibility.** The assigning of zoning districts shall promote the compatibility of adjacent land uses

The redevelopment of this property will set a standard and promote redevelopment of older properties in a manner that contributes to the quality of urban design in the Town Center. The adjacent parcels are also in the PD category per the FLUP.

As a mixed use project, this proposal includes marina components, waterfront retail/ restaurant, in addition to the residential and tourist accomodation uses, thus maintaining the local waterfront / tourist focused character while adding additional uses desired by the Madeira Beach Special Area Plan.

DISCLAIMER: According to Florida Statutes, Chapter 119, it is the policy of this state that all state, county, and municipal records are open for personal inspection and copying by any person. Providing access to public records is a duty of each agency. All documents and information not specified in F.S. 119.071 and 119.0713 are subject to public record requests.

Page numbers corrected to account for page added to answer the response criteria

- 3. Adequate public facilities.** The assigning of zoning districts shall be consistent with the public facilities available to set the types of uses allowed in the proposed zoning district. The level of service standards shall be considered in assigning zoning districts and there shall be reasonable assurance that the demand for services allowed in the proposed zoning district can be met.

Per the Madeira Beach Special Area Plan and the FLUP, a higher intensity of use is anticipated for this area and improvements and increases in the capacity of the public facilities is planned. The City planning and management staff indicated that there is adequate sewer and water capacity to handle this scope of a project.

- 4. Public interest.** Zoning district designations shall not be in conflict with the public interest and will promote the public health, safety and welfare.

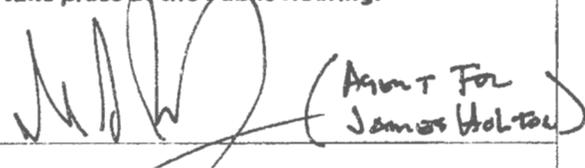

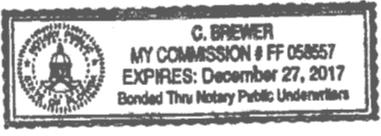

This plan addresses the goals and requirements of the Madeira Beach Special Area Plan with special regard to promoting public welfare and safety. The design of this plan takes special care to create a pedestrian friendly streetscape and for providing an open and vibrant environment. The plan provides for good land planning design in the pedestrian access to the water's edge, adequate and clear and safe wayfinding, and a good separation between, pedestrians, guest and resident vehicular travel and parking, and service and loading access.

The facility will also meet all required building and zoning codes.

- 5. Consistency with Land Development Regulations.** Zoning district designations shall be consistent with the purpose and intent of these Land Development Regulations

The proposed plan has been designed under the current LDRs, to the extent that the extant requirements apply. Because this is a PD application in a PD zone, this plan will be reviewed by the required local and state authorities for compliance with current LDR requirements and any requests or variances not in the current requirements will be adequately vetted and codified.

3/4 TON EXTENDED CAB PICKUP TRUCK - 4X4 SPECIFICATION #54

2016 Ford F-250 SD (X2B)

The Ford F-250 SD (X2B) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$24,696.00	\$24,696.00	\$24,783.00	\$25,523.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

SPECIFICATION #54**

2016 Chevrolet Silverado 2500 HD Double Cab 4WD (CK25953)

The Chevrolet Silverado 2500 HD Double Cab 4WD (CK25953) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$27,537.00	\$27,337.00	\$27,137.00	\$27,287.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.
