

CITY OF MADEIRA BEACH

Tentative Operating and Capital Budget

Fiscal Year 2017

October 1, 2016 - September 30, 2017

City of Madeira Beach
Finance Department

300 Municipal Drive
Madeira Beach, FL 33708

Date: August 24, 2016

To: Mayor Palladeno, Vice Mayor Ghovae, Commissioner Hodges, Commissioner Lister, Commissioner Poe

From: Vincent M. Tenaglia, Assistant City Manager

Subject: Tentative FY 2017 Budget

Each year during the budget process, management presents three separate versions of the budget document: proposed, tentative, and adopted. The tentative budget represents that which will be heard for adoption on first reading at the September 6th public hearing; it includes requested changes to the budget originally proposed on July 1. Enclosed are the following:

- Detailed list of requested budget changes since July 1, 2016
- Millage ordinance to be considered at the September 6th public hearing
- Budget ordinance to be considered at the September 6th public hearing
- Revised operating and capital budget document, updated to include all budget changes since July 1, 2016

City Manager's Budget Message

June 17, 2016

Honorable members of the City of Madeira Beach Board of Commissioners and Citizens of Madeira Beach:

It is my privilege to present the City Manager's proposed budget for the upcoming fiscal year. The City Manager's proposed budget maintains the current millage rate of 2.20. Based on the City Commission's direction to handle and perform a multitude of capital projects currently on the table and the various new services offered by the City, additional revenues had to be invented and goals reached in order to maintain the current millage rate. I'm happy to report the new revenues exist and our goals have been reached.

Again, this current administration and Board of Commissioners have been labeled as "spend thrifts". I disagree. I maintain that this current administration and Board of Commissioners has done what it needed to do to make up for the inactivity of years prior to 2012.

In this budget as usual, revenue projections are projected in a conservative fashion. It does include a 4% across the board salary increase for all employees except for the unionized fire fighters. Capital projects and purchases were scrutinized heavily and only the immediate needs were included. One key project that is eliminated partially is the undergrounding of the utility along Gulf Boulevard. We have County money for the purposes of beautifying Gulf Boulevard but it was going to require another 3 million dollars at a minimum to do the entire length within the city limits. The first phase of the project has proved to be problematic and the entire project needs to be re-evaluated.

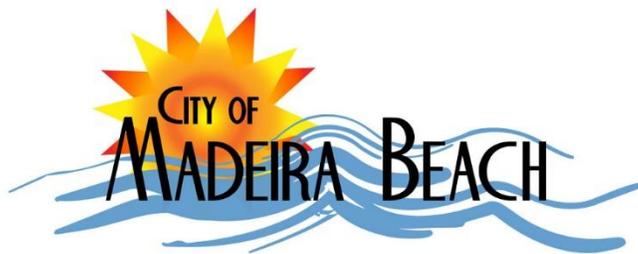

The City will continue as it did in last year's budget to pursue state appropriation dollars. We were awarded \$350,000 for a lighting project by the state of Florida. This is a new venture for the City to work with a lobbyist for available state money and it proved to be very successful and we will continue to do that.

As I conclude this letter, I wish to thank my exceptional department head team and City staff who worked so diligently during this process. These are people who wear multiple hats as my employees due to the fact I prefer a lean but highly skilled and highly compensated staff. I want to thank the Board of Commissioners for trusting me and allowing me to put together the current team that I have because without them, none of what I do would be possible.

Very truly yours,

Shane B. Crawford
City Manager

FINANCE MESSAGE

FY 2017 FINANCE MESSAGE

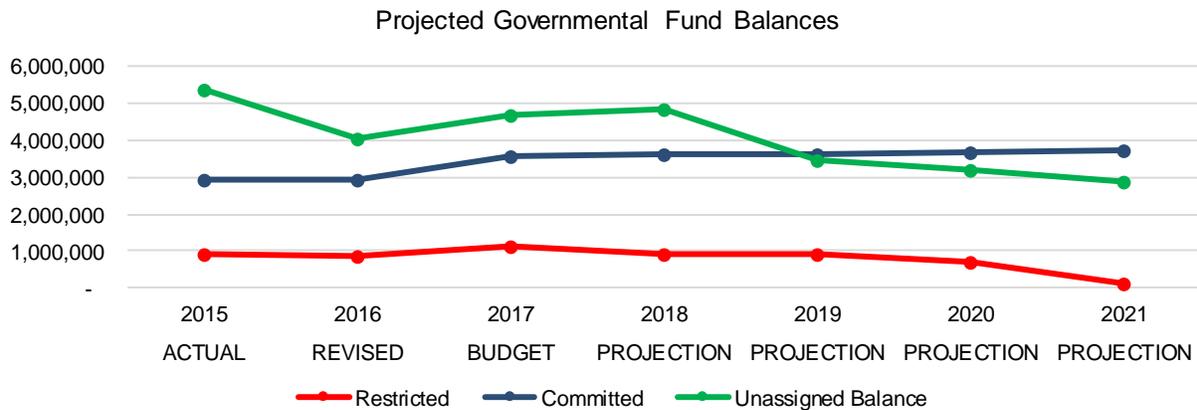

Citywide Summary

Over the past 12 months, the City of Madeira Beach has adopted several budget and finance policies designed to help evaluate trade-offs and maintain a long-term financial outlook. Together, the City’s fund balance policy, investment management policy, revenue management policy, and debt management policy establish a framework from which the City is to consider budget and finance actions. The fiscal year (FY) 2017 budget is a direct reflection of the best practices envisioned by such policies, as evidenced by the following:

- The issuance of General Fund debt, initially forecast in the FY 2016 adopted budget, has been removed from the FY 2017 budget in order to preserve appropriate fund balance ratios
- Balances are committed for the purpose of facilitating a future financing plan to retire future debt and/or fund future capital improvements
- Inter-fund transfers are projected in future years, offset by corresponding expenditure reductions

Forecasts:

Finance continues to emphasize the long-term fund projections included in the Capital Improvement Program (CIP) section of this document, particularly with respect to the General Fund. The City’s fund balance policy requires analysis not only of the current year, but each successive year throughout the CIP planning period. The General Fund is proposed in compliance with the City’s fund balance policy; each year of the five-year planning period exceeds the minimum unassigned balance goal of 16.7%. Excluded from the unassigned balance projection are the committed balances associated with BP lawsuit proceeds, future debt service obligations, and future appropriations. The committed balances are intended to be considered in concurrence with a comprehensive financing approach to future capital improvements or debt restructuring. Below are the forecasted balances and intended uses of the City’s governmental funds:

Personnel Budget:

The budget includes a net increase of 3.00 full-time equivalent (FTE) positions, which primarily reflects a series of budget amendments authorized by the Board of Commissioners throughout FY 2016. Below is a summary of position changes by department or fund:

Community Development Department	-0.80
Public Works Department	1.30
Recreation Department	1.50
Archibald Fund	1.00
Building Fund	1.00
Sanitation Fund	-1.00
Net:	<u>3.00</u>

In addition to staffing levels, the personnel budget is impacted by cost increases associated with employee raises, healthcare premiums, insurance experience, and retirement contributions required by the Florida Retirement System (FRS). The total effective personnel cost increase is approximately \$282,300, which represents a 7.1% increase over the prior year. Following are the individual assumptions and rate increases applicable to the personnel budget:

Employee wage increases: 4.00%

Several positions were either reclassified or authorized for raises by the City Manager. All other employees are scheduled for a 4% annual increase, which follows last year's comprehensive effort to increase the competitiveness of the City's pay plan.

Budgeted FRS contribution rates: Special Risk Class: 22.85% / Regular Class: 7.61%

Despite the Florida Retirement System's status as one of the best funded state pensions in the country, its total net pension liability was over \$23B as of FY 2015. Per the recent implementation of GASB 68, the net pension liability is allocated to plan participants with the City of Madeira Beach accounting for nearly \$1M of the total. The estimated FY 2017 contribution rate reflects a 3.5% increase for Regular Class participants and 2.3% increase for Special Risk Class participants (i.e., firefighters). The contribution rate for each class includes a cost component intended to reduce the plan's net pension liability.

Medical insurance cost increase: 5.00%

The City continues to experience reasonable rates via Public Risk Management's group health insurance pool. The estimated increase of 5% follows last year's 8.5% increase. The PRM Board authorized the use of \$1,000,000 from surplus assets to pare down the initial rate increase that would have otherwise applied to plan participants.

Worker's compensation cost increase: 14.20%

Estimated worker's compensation premiums include a significant cost increase due to an injury during the prior year, resulting in open litigation of over \$400,000 prior to the rate quote.

Operating Budget:

Cost Increases

The City Manager's Office includes significant operating budget increases associated with legal expenditures and contractual lobbyist services. The proposed budget includes estimated annual expenditures of \$142,400 for City Attorney services, compared to just \$77,453 in fiscal year 2014. To partially offset these increases, the City Manager's promotional expenditure budget has been reduced from \$40,000 to \$15,000.

The Non-Departmental program includes a 7.60% operating increase, resulting from contractual service cost increases, building maintenance service contracts, and the water taxi/ferry service agreement authorized by the Board of Commissioners in June 2016. Meanwhile, other Non-Departmental costs were shifted to user departments. For instance, the Fire/EMS Department operating budget includes expenditure increases for janitorial services and electric utility costs

totaling \$16,500. Virtually all other user departments include similar contractual service cost increases relating to the City's janitorial service contract.

Cost Reductions

The City funded development review services contractually throughout FY 2016. After hiring a full-time Planning and Zoning Coordinator, it is expected that nearly all cost increases experienced in the prior year will be eliminated. A reduction of \$126,000 is reflected in the Building Fund.

The Law Enforcement function includes a budget decrease of \$66,800. The proposed FY 2017 law enforcement contract includes a reduction from three to two full-time community policing deputies. City code and short-term rental ordinances will be enforced by one community policing deputy rather than two.

Capital Improvement:

The Capital Improvement Program includes several notable changes intended to preserve the City's financial position. The Board of Commissioners authorized a budget reduction in FY 2016 to eliminate the planned Village Blvd. electrical installation project. The City Manager has secured funding for this project via State appropriations, and the project is now funded in FY 2017 at no net cost to the City. Continuing previous efforts relating to stormwater drainage, the City has also secured tentative funding for improvements at 137th Avenue. The Stormwater Fund includes \$935,000 for the project, of which \$467,000 is tentatively scheduled for reimbursement via Southwest Florida Water Management District funding.

Funding for the second phase of Gulf Blvd. improvements has been eliminated. Previous budgets forecasted the issuance of debt for an expansion of the project in the amount of \$3,000,000, with fund balance declining to unfavorable ratios as a result. Management recommends a more cautious and deliberate approach in accordance with the budget and finance policy framework recently established. Rather than issue new debt, funds are proposed as being committed for future consideration. This will allow adequate time to evaluate the budget impact of private developments, address any anticipated pledged revenue requirements, and ensure sufficient fund balance prior to executing a project of such magnitude.

The tentative budget includes the following revisions to the CIP as initially proposed on July 1:

General Fund

The City of Madeira Beach FY 2017 proposed budget maintains the 2.2000 millage rate adopted in FY 2016. Property values are estimated to increase 9.90%, which is sufficient to generate \$198,000 in additional ad valorem revenue. The anticipated property tax revenue of \$2,267,000 allows the City to balance its General Fund operating budget, meet annual debt service obligations, and set aside funds for future consideration.

As the City of Madeira Beach has experienced, Florida voters approved an amendment to Save Our Homes legislation in January 2008, which limited property taxes by increasing property value exemptions and providing for portability of such provisions. The City managed the impact of property tax limitations by increasing its millage rate and encouraging private development. Meanwhile the housing market recovered such that property values increased substantially throughout the Pinellas County beach communities. Below are the estimated FY 2017 taxable value increases for comparable cities:

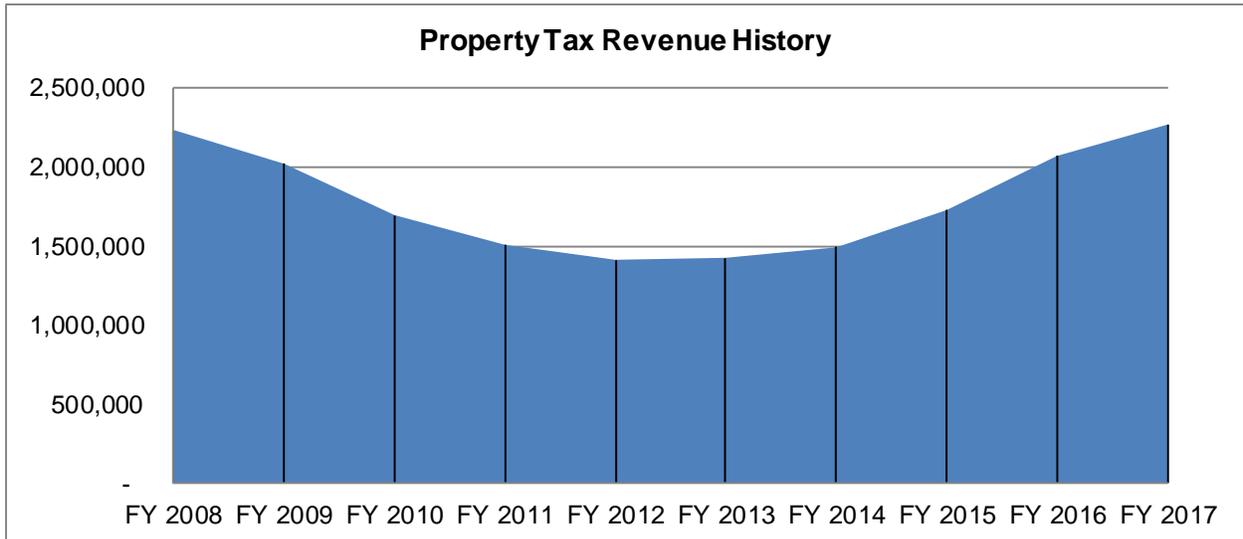

Gulfport	7.77%
Indian Rocks Beach	9.75%
Indian Shores	8.96%
Madeira Beach	9.90%
South Pasadena	9.81%
St. Pete Beach	7.70%
Treasure Island	7.44%

The following graphs chart the City's experience over the past ten years, with sharp declines in property revenue bottoming in FY 2012 before increasing steadily each of the past four years.

however, the budget assumes a collection rate of 95%.

City taxes represent 12.4% of residents’ total estimated property tax bill. The following chart identifies the various authorities levying property taxes in Madeira Beach and the corresponding burden posed by each:

Total Estimated Madeira Beach Property Tax Bill

As compared to similar municipalities in Pinellas County, Madeira Beach continues to maintain a relatively modest millage rate. The table below provides a list of similar municipalities and corresponding FY 2017 proposed millage rates:

<u>Municipality</u>	<u>Millage Rate</u>
City of Gulfport	4.0390
City of Treasure Island	3.3368
City of South Pasadena	3.2500
City of St. Pete Beach	3.1500

City of Indian Rocks Beach	1.9300
Town of Indian Shores	1.8700

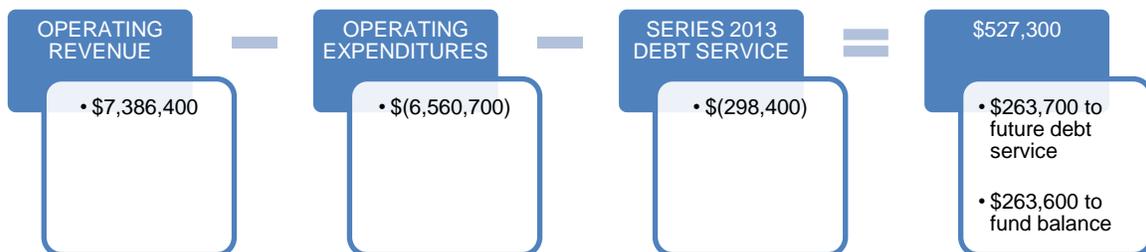

General Fund revenue is further supported by the strength of the City’s parking enforcement program. General Fund parking-related revenue is anticipated to exceed \$1.6M in FY 2017, while enforcement expenditures remain very manageable at just \$293,100. Following is a summary of the City’s net parking enforcement operation over the last five years.

*Processing fees are reported in the budget as operating expenditures; reported separately here only for the purpose of highlighting budget savings attributable to private ticket processing service.

The City of Madeira Beach General Fund is structured such that operating revenue and expenditures are distinguished from non-operating revenue and expenditures. This allows for an assessment as to whether the City's ongoing General Fund operations are structurally balanced. Because the City recently committed to a 30-year debt service obligation on its City Centre facilities, management recommends including the Series 2013 Capital Improvement Revenue Bond debt service requirements in this evaluation. For FY 2017, operating revenue exceeds operating expenditures and Series 2013 debt service by \$527,300. As illustrated in the chart below, management recommends this amount be committed for the purpose of a future comprehensive financing approach to facilitate capital improvements and/or debt restructuring.

Special Revenue Funds

Local Option Sales Tax (LOST) Fund

The Local Option Sales Tax (LOST) Fund includes a 4.2% revenue increase projection, consistent with last year's forecast. Longer term, revenue is projected to plateau and slightly decline prior to the current Penny for Pinellas installment expiring in December 2019. Still, forecast revenue is sufficient to retire Series 2016 debt service obligations while allocating funds to City Centre dock construction (\$640,000), fire engine replacement (\$500,000), and public safety vehicle replacement.

Archibald Fund

The Archibald Fund accounts for revenue earned at Archibald Memorial Beach Park. Proceeds generated on the property are to be used for parks and recreation purposes, in accordance with National Park Service precedent and Resolution 03.13 adopted by the City in June 2003. The tentative budget accounts for the July 2016 termination of the park's concession agreement, which had previously generated annual revenue of \$40,000. To manage for this revenue loss, capital projects totaling \$95,000 have been unfunded until a new agreement is in place and future projections are reevaluated.

Building Fund

The financial position of the Building Fund is entirely contingent upon the schedule and magnitude of private development. The City has experienced peak building activity over the past three years, driven by developments such as the Courtyard Marriott.

Estimated revenue assumes construction improvements valued over \$7.2M from July through September 2016, followed by nearly \$9M in construction starts throughout FY 2017. The Building Fund does not assume revenue relating to the contentious developments approved by the Board of Commissioners in June 2016. Under these assumptions, the current Building operation is unsustainable; annual transfers in from the General Fund are tentatively projected beginning in FY 2018. Management recommends a cautious approach to capital investment until such time as building permit revenue is realized. If the General Fund operating transfers prove to be unnecessary, funding may become available for the City's currently unfunded capital improvement projects.

Gas Tax Fund

Revenue reported in the Gas Tax Fund includes local option gas tax and the motor fuel portion of State Revenue Sharing, both of which are to be used for transportation-related expenditures. The City has allocated these funds to traffic light leases and corresponding utility expenditures. Management anticipates fairly predictable revenue and expenditures, and the FY 2017 budget is proposed with an operating surplus of \$9,300.

Debt Service Fund

Based on the degree to which budgeted General Fund operating revenue exceeds operating expenditures, management recommends and has proposed reserving funds for principal and interest maturing in future years. As such, generally accepted accounting principles require the operation of a debt service fund. The FY 2017 budget includes \$263,700 to be committed for the purpose of exercising future redemption options or otherwise retiring outstanding debt obligations.

Enterprise Funds

Sanitation Fund

Few substantive changes are proposed in the Sanitation Fund. One position is eliminated; however, it is offset by additions to temporary/contractual labor service expenditures. Longer term, the sanitation service fee will need to be reevaluated, as the fund operated at a loss in FY 2015 and working capital is estimated to decline 75% over the next five years.

Stormwater Fund

The City borrowed \$6.2M in FY 2015 for stormwater drainage and roadway improvements. Below is the estimated allocation of debt proceeds:

Boca Ciega Drive	3,927,000
137th Ave. Circle	935,000
Rex Place	600,000
American Legion	600,000
Municipal Drive	100,000
	<u>\$ 6,162,000</u>

137th Avenue Circle represents a new project for FY 2017. It was initially scheduled for FY 2019 at a total cost of \$900,000 but has since been revised due to tentative funding available from the Southwest Florida Water Management District (SWFWMD). Below are the projects for which SWFWMD grants are tentatively budgeted:

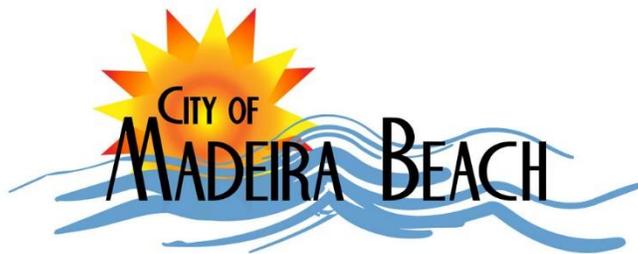

Improvement area	Capital outlay	SWFWMD	
		reimbursement	Net cost
Boca Ciega Drive	3,296,995	1,300,000	1,996,995
137th Ave. Circle	935,000	467,000	468,000
American Legion	600,000	262,500	337,500
Rex Place	600,000	425,000	175,000
	<u>\$ 5,431,995</u>	<u>\$ 2,454,500</u>	<u>\$ 2,977,495</u>

Marina Fund

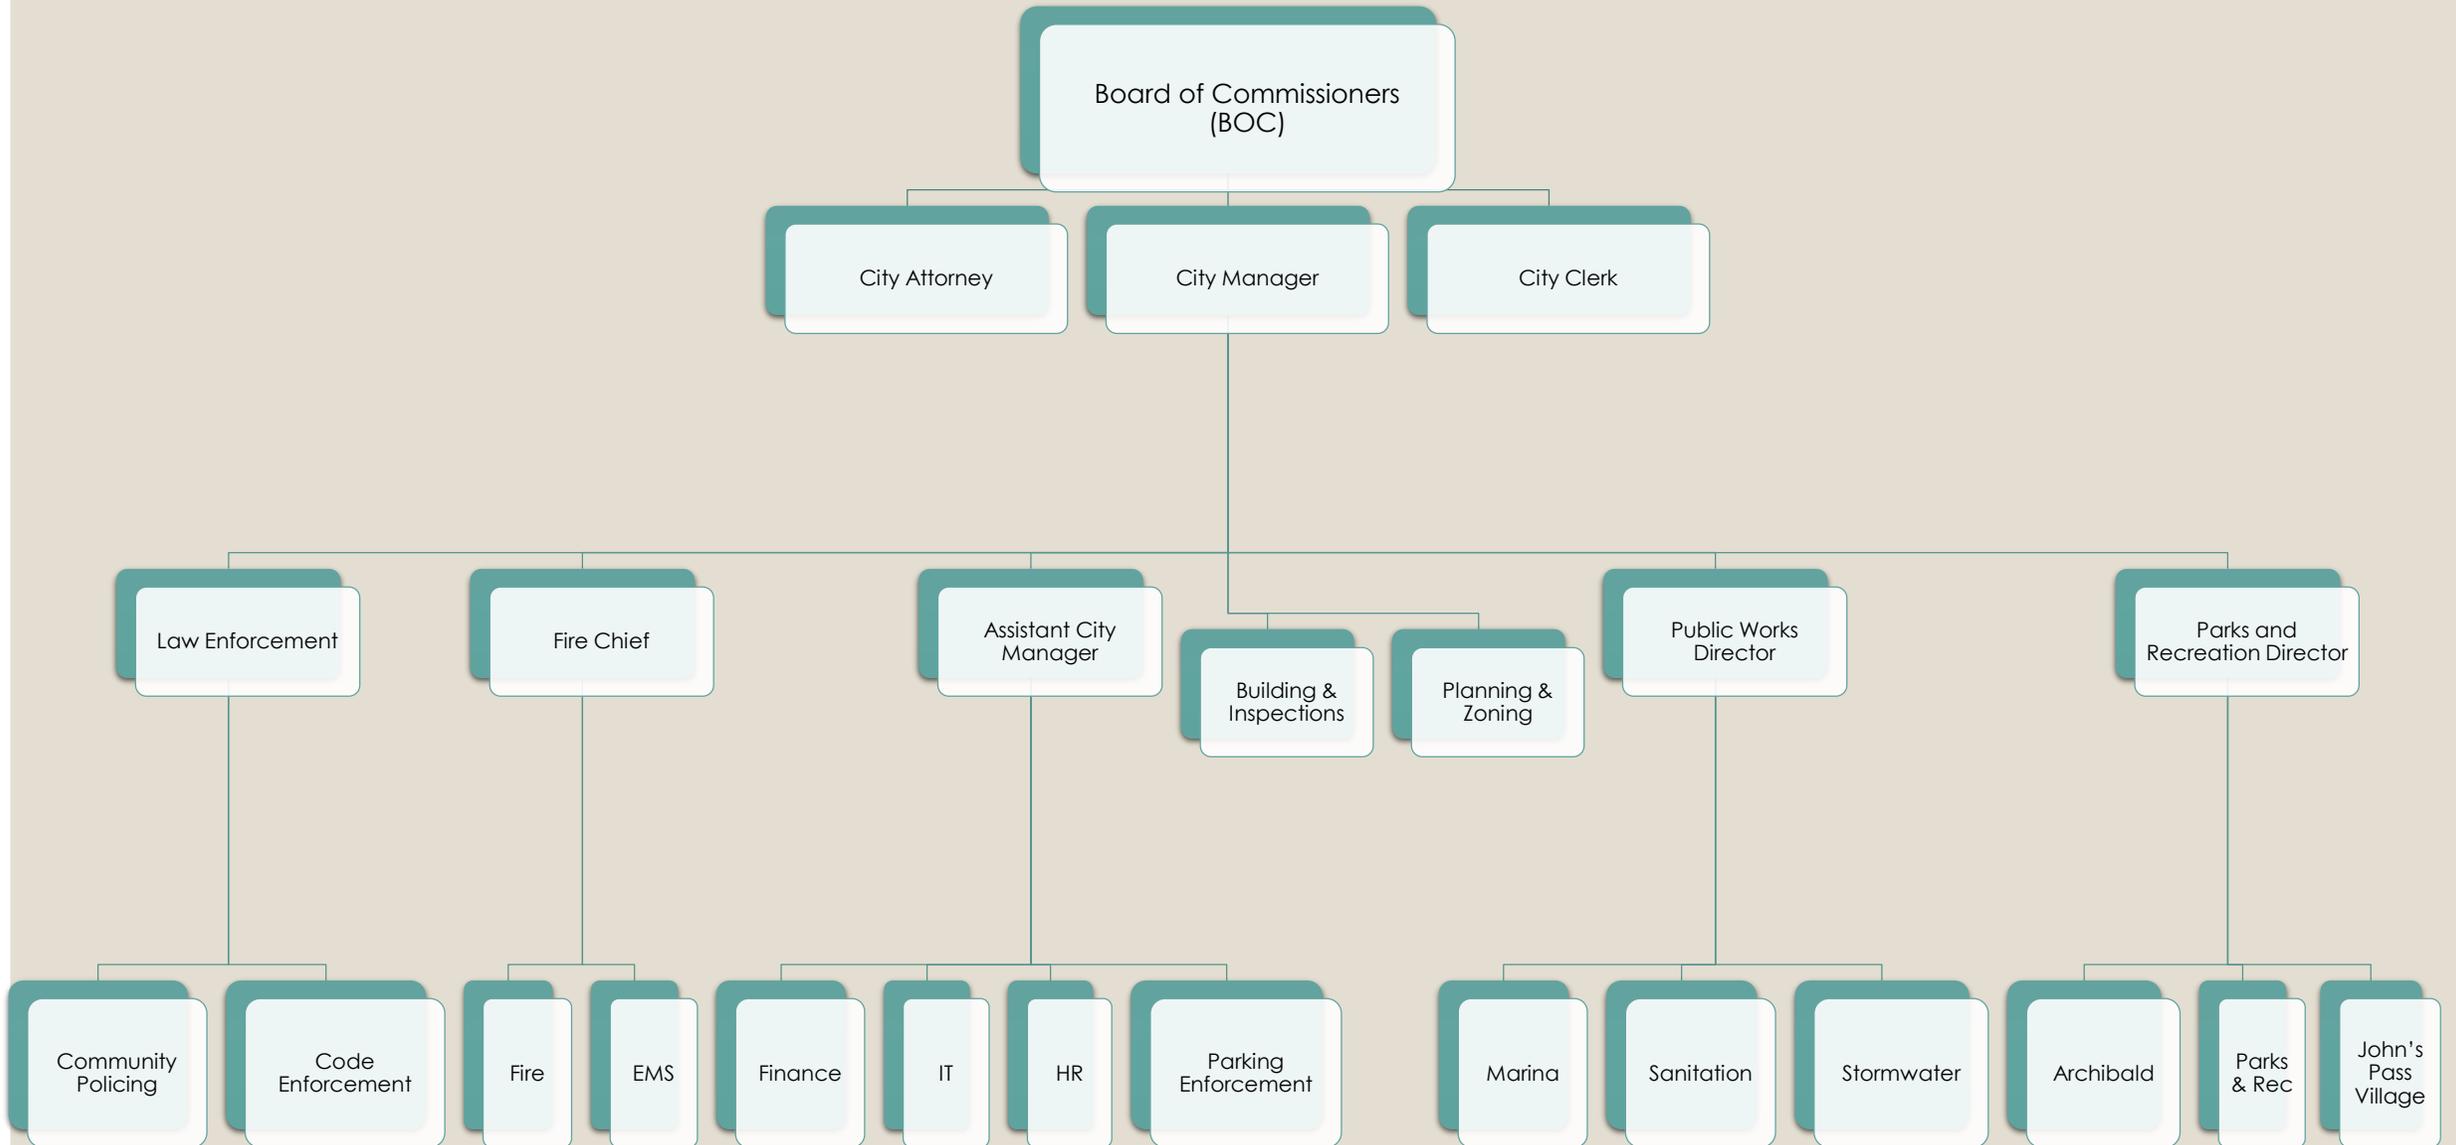

The General Fund contributed approximately \$625,000 to the City's marina cumulatively over the last three years to facilitate the expansion and improvement of boat storage slips. Effective FY 2017, the General Fund will begin to recoup its investment over a ten-year schedule at an interest rate of 1.5%. Marina Fund annual debt service will approach \$100,000 annually.

Meanwhile, marina operations are virtually unchanged from the prior year. Operating revenue estimates include a 1.3% increase while personnel and operating expenses are projected to increase 1.5%. The Marina Fund generated operating income of \$130,179 in FY 2015, its best financial performance to date.

DESCRIPTION

By the Charter of the City of Madeira Beach, the City Manager is the chief administrative officer of the City. The City Manager is responsible to the City Commission for administration of all City affairs placed in the manager's charge by or under the charter. The City Manager shall uphold City ordinances and regulations in the discharge of his/her duties for the betterment of the entire community.

SERVICES

ADMINISTRATION. The City Manager provides overall direction and supervision to all City departments and is responsible for advising and carrying out policies established by the Board of Commissioners. All department directors report directly to the City Manager, as do the Executive Office Manager, Volunteer Coordinator, and Community Policing Deputy.

DESCRIPTION

The Charter of the City of Madeira Beach vests the Board of Commissioners (BOC) with all the legislative authority of the City. The BOC consists of four Commissioners and a Mayor-Commissioner and is authorized to adopt, amend and repeal ordinances and resolutions; levy taxes; grant, renew or extend franchises; set fees or user charges for municipal services; appoint the City Clerk, City Manager and City Attorney; and confirm the appointment of City Treasurer.

SERVICES

LEGISLATION. The City Clerk's office acts as a liaison for the citizens in their communications to the Mayor and Commission members.

ELECTIONS. City elections are held on the second Tuesday in March each year. The Clerk's office advises candidates of procedures for running for office, recruits poll workers, places all required legal advertisements and serves as the Supervisor of Municipal Elections.

RECORDS. As custodian of the records, the City Clerk fulfills record requests for the public and other agencies.

CONTRACTS. The City Clerk maintains responsibility for ensuring contractual agreements are legally approved and are administered appropriately by all parties.

MINUTES. The City Clerk's office prepares meeting minutes for all public meetings.

DESCRIPTION

While the budget is adopted by department and fund, in practice the Public Works program consists of General Fund administrative services; the Sanitation Fund; and the Stormwater Fund. As such, Public Works is responsible for the development, operation, maintenance and engineering of streets, beaches, parks, drainage systems and refuse disposal. Personnel are assigned to the construction, maintenance and repair of City infrastructure. Public Works activities are intended to ensure the health, safety and welfare of the community.

DESCRIPTION

Under the direction of the Fire Chief, the Madeira Beach Fire Department is committed to providing high-quality responsive services promoting the health, safety and welfare of all who reside, work or visit within the City's service area. The Fire/EMS department strives to reduce the loss of life and property, through emergency medical services, education, fire prevention, marine operations and suppression. The Fire Chief reports to the City Manager.

SERVICES

EDUCATION. The Fire Department holds classes and provides lectures to the public concerning fire prevention and disaster/hurricane planning. An emphasis is placed on educating school age children about Fire Prevention.

EMERGENCY MANAGEMENT. The Fire Department has the responsibility of preparing, publishing and updating the City's Emergency Management Plan. This includes all City departments and the four phases of Emergency Management: Preparation, Response, Recovery and Mitigation. In addition, this program coordinates the evacuation of all citizens, especially those with special needs.

FIRE PREVENTION/SUPPRESSION. In FY 2015, the Fire/EMS Department responded to a total of 1,903 calls. Of these calls, 393 were related to structure/vehicle fires or other non-medical emergencies.

EMERGENCY MEDICAL SERVICE. In FY 2015, the Fire/EMS Department answered 1,510 emergency medical calls.

DESCRIPTION

The leisure services provided to the community through the Parks and Recreation Departments are intended to enhance the quality of life for citizens and visitors. The Parks program is responsible for the maintenance, operation, and preservation of all City parks, beaches, and public open spaces. While the budget is adopted by department and fund, in practice the Parks operation consists of both General Fund and Archibald Fund allocations.

FY 2017 POSITION CHANGES SUMMARY

The budget includes funding related to a series of FY 2016 amendments previously authorized by the Board of Commissioners: Resolution 2015-39 authorized two new part-time Recreation Leader I positions; Resolution 2015-42 authorized the addition of a part-time Grounds Maintenance Worker and a part-time Building Maintenance Worker, which was subsequently increased to a full-time position. Effective FY 2017, the Grounds Maintenance Worker is supported by the Archibald Fund rather than General Fund, the Building Maintenance Worker position is eliminated, and a Recreation Leader II position is added.

DESCRIPTION

The parking enforcement function, managed by the Assistant City Manager, includes pay station maintenance and financial reporting; cash collections; ticketing; and customer service. The mission is to ensure compliance with City ordinances and to help provide safety and mobility throughout the City's parking lots, which are often heavily congested. Parking was previously operated as an enterprise fund prior to FY 2014. Budget information on the retired fund can be found in the supplemental section of this document.

DESCRIPTION

The Local Option Sales Tax Fund generates revenue through Pinellas County's 1% sales surtax program (Penny for Pinellas), originally approved by voters in 1990. The tax has been extended twice, with the current extension in place through December 2019. Proceeds are shared between the county and municipalities in order to fund infrastructure improvements.

FY 2017 POSITION CHANGES SUMMARY

One Sanitation Worker position has been eliminated, while temporary-contractual labor service expenditures include a 114% increase. Throughout the last several years, management has either directly funded and filled the position or managed its vacancy by increasing temporary-contractual service levels. The net impact to the budget is nearly equivalent under either scenario.

DESCRIPTION

Stormwater operations include all activities pertaining to the construction, maintenance and repair of the City's stormwater management system. The City initiated a significant investment in its stormwater infrastructure in fiscal year 2012, beginning with a master plan documenting the condition of all outfalls and drainage system. The second phase of construction, Boca Ciega Drive, was awarded by the Board of Commissioners in July 2016.

DESCRIPTION

The Marina Fund includes the operation of the City's marina facility and Ship Store on 150th Avenue. The marina is located on Boca Ciega Bay, providing quick access to the Gulf of Mexico through John's Pass. The marina features wet and dry slips available for lease by patrons. The Ship Store sells live and frozen bait, tackle, snack food, beverages, propane fuel, unleaded and diesel fuel and various items for the convenience of boaters. Marina operations are intended to provide safe and convenient access to the community's waterways.
