February 21, 2018

**RE: Open Letter**

Greetings residents, business owners, and visitors,

The premise of this letter is to express my deepest appreciation and excitement for the opportunity bestowed upon me to serve as your newly appointed City Manager. We will move forward to forging a positive, honest, efficient and effective government. This next chapter in Madeira Beach will undoubtedly be an exciting one as we work together to forge a bond intended to promote this City as the premier beach community on the western seaboard of this great state. Furthermore, we (all of us) will work diligently to promote a community inclusive of opportunities for all, while highlighting our unique and eclectic mix of shops, restaurants, and tourist attractions.

As for your government, I believe wholeheartedly in transparent, effective, and honest administration. This will be a government agency that strives to excel in every conceivable way, with the clear intention of supporting, informing, and executing in the most efficient, effective, and cost conscience manner. This will be an agency that understands the importance of civic involvement and engagement and is committed to ensuring accurate and timely responses in order to ensure our community stays informed and engaged.

In closing, I look forward to working with you, staff, and the Board of Commissioners to tackle the challenges that lie ahead while seizing the opportunities on the horizon. Again, I appreciate the opportunity to serve this community.

Respectfully Submitted,

Jonathan Evans, MPA, MBA, ICMA-CM  
City Manager – Madeira Beach
